

Truvia® Extracto de la Hoja de Stevia

Specialities
Sweeteners

Around the world, more consumers are reaching for naturally sweetened, lower-calorie foods.

Truvia® (pronounced Tru-VEE-a) stevia leaf extract is a natural* zero-calorie sweetener. It is the same high quality, great tasting stevia found in Truvia® natural* sweetener, the #1 leading natural* sugar substitute available in retail outlets across the US.

Truvia® stevia leaf extract is a versatile, natural*, zero-calorie sweetening ingredient. If you are looking to reduce sugar and calories in your food or beverage product, consider Truvia® stevia leaf extract. Let us show you why your stevia supplier matters.

Our stevia leaf extract portfolio includes:

True expertise

We understand that your brand's reputation depends on delivering consistent, safe, high-quality products. Today, no other ingredient company can match our depth of experience formulating across the entire food and beverage matrix, which means we have the tools and ability to assist you in developing products that will deliver a superior taste experience that your consumers will love.

True commitment from a trusted global supplier

Consumers expect a lot out of their brands today. Not only do they trust you to deliver safe products that taste great every time, but they are more interested now than ever about how you make your products and what type of partners you choose.

From field to table, Cargill has built the Truvia® stevia leaf extract supply chain in a sustainable and responsible manner. We apply our knowledge and experience to help meet the complex economic, environmental and social challenges wherever we do business. Cargill is the type of partner you can depend on, be proud of, and above all, trust to uphold your brand standards.

NATURAL CLAIMS

*FDA has not defined natural. Contact Cargill for source and processing information. The labeling, substantiation and decision making of all claims for your products is your responsibility. We recommend you consult regulatory and legal advisors familiar with all applicable laws, rules and regulations prior to making labeling and claims decisions, including decisions re natural claims.
